Pet Meadow did everything to make our difficult loss easier and give us peace with how wonderful they communicated with us from the time our dog passed, to all the lovely options to remember our Holly. Thank you for making the process easier. Wonderful staff and place.

— Sherry Lynn, Pet Owner

Pet Meadow is wonderful. The love and care they put into making such a devastating time so much more bearable. Everything from the correspondence, the beautiful box with Duke engraved on it, to the cards and the whole delivery in a beautiful bag.

They really care. We can't thank all of the wonderful people at Pet Meadow for caring so much about us.

— Susan, Pet Owner

Dealing with the loss of my Maltese, Henry, was very emotionally difficult but dealing with Pet Meadow, polar-opposite of "difficult." They were very communicative and illustrated much respect, kindness and compassion during the process.

I recommend Pet Meadow to anyone whose beloved pet has gone to the rainbow bridge.

— Paul, Pet Owner

Losing a pet is one of the hardest things to go through, and Pet Meadow truly understands and respects that. They were gracious and compassionate in all of their communications and updates, which gave me comfort during such a difficult time.

Sadly, this is not the first pet I've had to say goodbye to, but each time Pet Meadow has cared for them with dignity and kindness through the cremation process.

I'm grateful for the respect and sensitivity they provide during a heartbreaking experience.

— Dara, Pet Owner

The Rainbow Bridge

Just this side of heaven is a place called Rainbow Bridge.

When an animal dies that has been especially close to someone here, that pet goes to Rainbow Bridge. There are meadows and hills for all of our special friends so they can run and play together. There is plenty of food, water and sunshine, and our friends are warm and comfortable.

All the animals who had been ill and old are restored to health and vigor. Those who were hurt or maimed are made whole and strong again, just as we remember them in our dreams of days and times gone by. The animals are happy and content, except for one small thing; they each miss someone very special to them, who had to be left behind.

They all run and play together, but the day comes when one suddenly stops and looks into the distance. His bright eyes are intent. His eager body quivers. Suddenly he begins to run from the group, flying over the green grass, his legs carrying him faster and faster.

You have been spotted, and when you and your special friend finally meet, you cling together in joyous reunion, never to be parted again. The happy kisses rain upon your face; your hands again caress the beloved head, and you look once more into the trusting eyes of your pet, so long gone from your life but never absent from your heart.

Then you cross Rainbow Bridge together....
